Live Blood Analysis

LIVE BLOOD ANALYSIS CAN IDENTIFY UNDERLYING IMBALANCES THAT CONTRIBUTE TO A VARIETY OF SYMPTOMS. THIS TEST HELPS TO TAKE THE GUESSWORK OUT OF CHOOSING THE CORRECT NATURAL PROGRAM AND COMBINATION OF SUPPLEMENTS FOR YOU. BY ANALYZING A SINGLE DROP OF BLOOD, WE CAN UNCOVER MANY HIDDEN IMBALANCES, INCLUDING:

- Digestive problems
- Free radical damage/toxicity
- Vitamin/mineral deficiencies
- Liver stress
- Circulation problems
- Cholesterol
- Uric acid
- Immune weakness
- Over-acidity
- Parasites
- Yeast/Candida
- Heavy metal toxicity
- Viral/bacterial activity
- Degenerative patterns
- Inflammation
- Hormonal imbalances

COLON HYDROTHERAPY

IS BLOATING, INDIGESTION, CONSTIPATION, FOOD INTOLERANCES & STOMACH CRAMPS ROBBING YOU OF A HAPPY LIFE?

COLON HYDROTHERAPY TREATMENT:

Using state of the art Colon Hydrotherapy Equipment, the therapist is able to gently introduce triple filtered warm water into the colon at a very low, constantly monitored pressure, ensuring your complete comfort and safety. Gentle abdominal massage is also used during the Colonic, which helps to calm the Colon and aid the elimination of waste.

BENEFITS WHICH TYPICALLY FOLLOW COLON CLEANSING:

- Reduce cravings and food dependencies resulting in weight loss
- Flush out decaying food, toxins and intestinal parasites
- Better digestion and absorption of nutrients
 - Improved elimination
 - Reduced gas and bloating
- Increased energy and mental focus
- Strengthen your immune system
- Less body and breath odours
 - Clearer skin
